

Field Service Technician

Located in Traver, California, BEST Agri-Marketing, Inc. is a San Joaquin Valley leader in marketing and merchandising feed products and services to dairy farms in Central California, helping dairy producers maximize profitability.

People are our greatest asset. BEST Ag Field Service Technicians work both in our shop and on-site with our dairy farm customers. Duties will vary by season and include operating and maintaining equipment, vehicle deliveries, warehouse inventory control, and general operations labor duties.

Customers are the ultimate reason BEST Agri-Marketing, Inc. operates and each team member at BEST Ag directs his or her efforts in a manner to exceed customer expectations. Every activity and every job in the company is part of this process.

BEST Ag Field Service Technicians responsibilities will include but not be limited to:

- Driving product delivery trucks to/from dairy farms
- Loading and unloading products operating a forklift
- Delivering/Operating/Assembling/Disassembling dairy farm equipment
- Maintaining vehicles and equipment
- General warehouse duties
- Inventory control
- Evening & weekend work/on-call during corn & wheat seasons

BEST Ag Field Service Technicians MUST have:

- A CLEAN DMV REPORT
- Mechanical experience
- Ability to safely operate basic equipment (forklift, flatbed trucks, on-farm equipment)
- Basic math problem-solving skills
- Ability to lift 60 pounds on occasion
- Ability to take/follow directions while working both independently and in a team setting
- Pleasant and professional appearance and attitude
- Clear written and verbal communication (**Bi-Lingual a PLUS!*)

***NOTES:**

- Pre-employment drug screening, random forward
- BEST Ag. is an equal opportunity, at-will employer

When you work at BEST, the policy is simple – treat everyone you meet like an old friend.
